THE STABAT MATER TO BE SUNG MARCH 29

March 29 will be a memorable date, for on that evening in the Sunset School Auditorium, the Carmel Music Society presents Rossini's Stabat Mater, for Orchestra, Chorus and Soloists, Michel Penha, conducting. The Carmel Music Society has presented many notable concerts, but none of the proportions and magnitude of this coming production of the Stabat Mater.

Michel Penha is director of the Orchestra, which for the occasion will be augmented from San Francisco to the number of forty and will conduct the whole production. Fenton Foster, double bass of the Orchestra, and for years conductor of the "Messiah" and "Crucifixion" Choruses, is director of the chorus of seventy five voices, which for two months now he has been training. The soloists have been engaged from out of town as only opera and oratorio trained voices can sing the difficult score.

Marie Wallman, of Oakland, will sing the first soprano. Miss Wallman has a high, true voice, of wide range, beautifully suited to the operatic aria of the "Inflammatus." She has sung the role many times in the East and is thoroughly familiar with it and with orchestral singing.

Calista Rogers, of Pasadena, is coming to sing the second soprano. California well knows Miss Roger's musicianship and powerful voice. Calista Rogers received her oratorio training from Sir George Henschel in London. She has sung the Stabat Mater many times, in Boston and elsewhere.

G. Marsdon Haddock, English tenor has been secured for the "Cujus Animam" and the tenor role. Mr. Haddock has been heard frequently over the radio since coming to the coast. He is an experienced opera and oratorio singer.

Henri Schefoff, bass-baritone, sings the bass. Mr. Schefoff is a medical student of Stanford Hospital, San Francisco who has a bass voice of such exceptional quality that he spends all of his outside time singing. Mr. Merola, director of the San Francisco Opera, has already engaged him to sing in next season's opera. The Carmel Music Society is most fortunate to secure such voices as Wallman, Rogers, Haddock and Schefoff for the Stabat Mater.

The seat sale opens Monday in the Denny-Watrous Gallery. As this is an Extra-Series performance, the regular Winter Series having been concluded, the earlier one comes, the better seats will be available.

CITY COUNCIL MEETS IN CALLED SESSION

The question of Carmel's participation in the expenses of carrying on an airport for the Monterey peninsula was taken up at a called meeting of the council Wednesday night. Under CWA the government is hastening the construction of airports throughout the country. To be in line for the federal funds the property must be owned or leased by the city. It is proposed that Monterey shall lease thirty acres east of the Del Monte Polo field paying for the first two years a monthly rental of $200 and for the next three a monthly rental of $300. Del Monte agrees to pay half, and Major Watson agrees to lease the grounds at $85 a month and the remaining rental is to be taken care of by Monterey, Pacific Grove and Carmel, making $5 a month for each city the first two years and $20 a month thereafter. A resolution was passed that Carmel should do her proportionate share should the plan go through.

Del Monte has agreed to furnish $15,000 worth of gravel for the runways. One hundred thirty-seven men will be given work if the airport in constructed.

The mayor was requested to send a wire to Roosevelt inviting him to visit the peninsula and Carmel should he come to the coast this summer. He was also asked to send messages to our congressmen and senator asking them to urge the president to come here. It was pointed out that Harrison, McKinley and Teddy Roosevelt had visited here.

The council decided to allow those who wish to work out fines assessed by Judge Wood at the rate of $2.00 a day on the streets.

VOTERS REJECT BONDS RE-ELECT OLD BOARD

Rejecting the bond issue by a vote of 350 to 184 and re-electing the old sanitary board by a fair majority, Carmel people numbering more than 500 of the 900 registered voted Monday.

Only one voting place was provided, since heretofore not much notice has been taken of elections for the sanitary district, and consequently people stood in line Monday a greater part of the day. Twenty-nine votes were cast last March.

For long term the following were elected: Dr. McCarthy, 160; Hugh Comstock, 146; for short term, F. P. Howard, 107. Bernard Rowntree was elected assessor for the district with 211 votes.

William Silva received 100 votes for long term trustee, 36 for the short term and 26 for assessor, making a total of 162. Alfred Wheldon's total votes were 163; Comstock's total, 181; Dr. McCarthy's 187, while Howard's who was running on both tickets, was 275.

Arthur Shand and Willard Whitney hold over, thus there will be no change in the personnel of the board.

Others who received votes were Peter Maudsley, Mrs. Levinson, Clair Foster, Dr. Gray, Delos Curtis, Henry Dickenson, George Wood, Robert Markham, Fred Leidig, Mrs. Smith, Grant Wills, Arthur Shand, George Romine, Mrs. Dummage, Bob Norton and Mr. Turner.

The votes for Mrs. Levinson and Mrs. Smith indicated that someone was in a hurry for the election of school trustee, which will take place March 30.

HISTORIC FIGURE WILL BE SEEN GOOD FRIDAY AT OLD MISSION

For the first time in a century and a half, since the death of Fray Junipero Serra, the life sized figure of Christ, carved in wood, will be taken down from the giant crucifix over the altar and Serra's grave at the historic old Mission Carmel on Good Friday at the end of The Three Hours devotions. It will be carried, in a solemn procession of priests and acolytes, up the aisles of the mission to the Altar of Repose and will not be restored to the Cross until Easter morning.

Fray Junipero inaugurated the custom among the Indians on Good Friday at Carmel after the founding of the mission in 1770. Father Michael D. O'Connell, the pastor of the Mission, will revive the ancient custom of the founder of the missions and carry on the tradition year after year.

Father Felix, O. F. M., a Franciscan from Santa Barbara Mission, will occupy Serra's pulpit in brown robe and hood and preach the Passion.

LESTER DONAHUE TO GIVE RECITAL FRIDAY

Lester Donahue has an established following, which does not happen unless one has something to give, something that the "public" likes to hear. Several have signified their intention of coming down from San Francisco to hear his recital in the Denny-Watrous gallery on Friday evening of this week, at eight-thirty o'clock.

Mr. Donahue is a seasoned player. Since his debut in 1913, he has played repeatedly in Berlin, Hamburg, Leipsig, Munich, Vienna, Paris, and throughout the United States. One criticism, quoting from the Public Ledger, Philadelphia, reads, "Mr. Donahue showed himself to be an excellent pianist, with a fluent technique, a beautiful tone and splendid musicianship all of which are demanded by the Rachmaninoff Concerto."

Mr. Donahue's program for Friday's concert in the Denny-Watrous gallery is of notable interest. Music lovers will not miss an opportunity to hear the Scriabin Fifth Sonata, a work which is so rarely played that very few have even heard it. The Liszt Variations on a Theme by Bach are also a program event; so far as Mr. Donahue knows, he is the only pianist who has played them in the West, although they are frequently heard in Europe.

G. S. CURTIS PLEASED WITH NEW BUSINESS

G. S. Curtis, former editor of the Pacific Grove Tribune is now operating a direct mail advertising service in Monterey and reports business good. To understand what Mr. Curtis' business is and the unique service he offers it is necessary to see his highly specialized equipment. He has every modern machine for the rapid production and mailing of mimmeographed or multigraphed form letters. A classified mailing list of nearly twenty thousand selected names in the county enables him to reach any particular type of business or class of people. The mailing list is interesting not only in point of size but in curious facts Mr. Curtis has learned in tabulating the names.

The mail-order business for instance is represented in Monterey county by nine different institutions while more surprising still is the fact that there are 118 clubs, lodges and organizations of this kind, the smallest having a membership of ten and the largest about four hundred.

ACTION ON HYDRANT RENTALS POSTPONED

On account of the absence of Carl Loveland, who is in the East, action on the reduction of hydrant rentals has been postponed. Efforts will be made to settle the matter without arbitration by the commission.

TWENTY-NINE MEMBERS ENJOY LUNCHEON MEET

Twenty-nine members of the Woman's Guild of Community church enjoyed a luncheon and party at the church Wednesday. The table was decorated in honor of St. Patrick, with dolls, shamrock and vines, and appropriate napkins were used. Guessing games were enjoyed after the luncheon.

CHILDREN'S CARNIVAL FRIDAY AFTERNOON

Carnival time is almost at hand! Friday afternoon at 2 o'clock the big parade will open the festivities. And what a parade. Doll buggies, bicycles, pony carts, wheelbarrows, you'll likely see any of these things the children can manipulate. Tey've had a lot of fun getting ready for this carnival and you will enjoy seeing them, too.

Don't miss being at Sunset at 2, because the smaller youngsters will not leave the grounds. Only the Hill Billies and the bicycle squad will march down town, and will be led by Charlie Guth.

The Jabberwock, the two-headed lady, tallest woman in the world, the bearded lady, all will vie with each other for your entertainment.

Remember, what you spend will go toward the Remedial Health fund and some youngster may go through life with better sight, with better hearing and better health generally for the pennies you spend with the P.-T. A. at the carnival Friday.

BOY SCOUT SEA TROOP FORMED WEDNESDAY

At the regular monthly meeting fo the Boy Scouts, Wednesday, under the direction of H. L. Crossman, a sea troop was organized under the name of a "ship." The skipper has not yet been selected but Ranald Cockburn has been asked to serve as first mate.

This branch of scouting is open to any boy who has reached the age of 15, regardless of his affiliation with any other branch of the organization, or whether he has ever been a scout.

The activities will be principally in connection with the sea but the boys will not actually go to sea until they are prepared.

An explanation of the troop and its aim will be given at Junipero club, March 23.

PISTOL CLUB BEATS HIGHWAY PATROLMEN

Last Sunday at their range in Hatton Fields the Carmel Pistol club defeated a team composed of California Highway Patrolmen 1168 to 1154. The match was fired with .38 caliber revolvers at twenty-five yards and consisted of ten shots slow fire, two strings of timed fire (five shots in twenty seconds), and two strings of rapid fire (five shots in ten seconds). The scores made in slow fire were the deciding factor as the traffic men held their own in timed fire and did better than that in the rapid.

ELECT MRS. LEVINSON SCHOOL TRUSTEE

People who are interested in maintaining the present high standards of Carmel's greatest asset, Sunset School, will make no mistake in the election of Mrs. Helen Levinson as trustee. Mrs. Levinson's qualifications, her loyalty to Carmel and love for Sunset School are too well known to need elaboration. There is one fact that must be considered in the selection of trustee and that is the board must have a member to take Miss Kellogg's place who will handle the infinite details as well as the broader policies so essential to the success of the school in a BROAD and impartial manner.

There is no particular point or economy for the school or taxpayer in any member of the board quibbling over petty details. Sunset school is a big thing. It must be handled as such and by people who are BIG IN SOUL AND BIG IN DEED. An economy of a dollar or so at each meeting will never reach the taxpayer's pocket. And it is hardly a matter for consideration of the board as to who locks the cellar door as long as it is properly done. These things must be left to executives of the school hired for that purpose and valuable time of the board must not be wasted on petty and irrelevant details.

This is certainly no plea nor excuse for extravagance, and Mrs. Levinson will be just as anxious as other members to operate the school wisely at its very lowest efficient cost. The era of reckless spending by everyone is past. But now that it is, there is no reason why we should go backward and destroy all the fine and beautiful things we created in time of affluence—we must preserve what we have gained—keep them just as good and improve where possible. Mrs. Levinson is a woman who can and will do this. Vote for her, March 30, for school trustee.

THE TAXPAYERS' HEAVY HAND

As predicted in the Sun last week opposition to the sewer bonds defeated the issue nearly two to one. Significant in the voting was an absence of factionalism and the results are a true expression of the people who pay the bills.

Not only was the proposal submitted by the Sanitary Board considered extravagant at this time but tactics used in presenting the proposition had much to do with its defeat. The statement by some of the trustees that if the bonds carried by the slightest majority they would FORCE the issue through irrespective of a two-thirds majority brought out the heaviest vote ever cast in the district.

No one denies Carmel's sewage disposal needs attention, but now that the people have spoken so emphatically against extravagance, the board's next duty should be to see what can be done that is cheaper. The present tank can undoubtedly be used with a little improvement for some time yet. Any statements that the State Sanitary Board will quarantine Carmel's beach are too absurd for sensible consideration. And it must be remembered that the state board is not likely to rush in and order three or four thousand people to stop using their sewers. The State Sanitary Engineer is not the law but only its representative and all officials' acts are subject to court decisions and court decisions take time.

The most feasible and economical plan to install and maintain is the outfall system. It is used by every town on ocean, bay or river and legal means can be found to empty the sewage into the ocean irrespective of the ponderous opinions of petty state officials.

THE CRIME OF CHANGING OUR MIND

Considerable money was spent in the Sewer Bond election to prove the Sun changed its position on the matter of the bond issue. Why not? No one dictates the policies or opinions of the Sun. We freely admit we changed our stand and make the almost certain prophecy that we will do so again, when, how and as we see fit and necessary.

J. A. BURGE FOR COUNCILMAN

J. A. Burge, local nurseryman, well and favorably known to everyone in Carmel will probably be a candidate for councilman and from present indications stands an excellent chance of being elected. Mr. Burge is a practical man who can handle the affairs of the city. He is a "square-shooter" with all of his interests in Carmel and there is no reason why anyone should object to him as a councilman.

In a canvass of Carmelites as to their opinions of various candidates Mr. Burge was the most favorably mentioned and we found only one general criticism of him and that was that he "was hot headed and given to blowing-up." But this very common trait may after all be an asset for, men who are "hot-headed" and "blow-up" are never stubborn and bull-headed and of all the useless officials, a bull-headed, stubborn ass is the most useless.

Mrs. Percy Parkes and children drove to Santa Cruz Wednesday.

P. A. McCreery is back at work after a ten-day absence on account of illness.

"Kitchen Companions"

the first act on the Spring Program

WHO is usually the last one to come to the table? Isn't it Mother, with the gravy bowl and mashed potatoes? She sits down fagged out, almost too tired to eat, particularly in hot weather. It is all too true unless there is an electric range in the kitchen.

Then afterward there is the task of dirty dishes to be done with pots and pans to be scoured. Here too, unless hot water is automatically on tap there is the heavy tea kettle to be lifted from stove to sink. No wonder a woman's health breaks down.

In hundreds of homes this month Mother is getting the kitchen aids she has always wanted to make her housework quicker and easier. These hundreds of kitchens are being modernized with a new electric range and electric water heater—kitchen companions now being offered at lower prices and exceptionally easy purchase terms.

Operating costs of these kitchen companions have been cut due to the new low electric rate of one cent per kilowatt hour. You will be enthusiastic when you hear all the details. Your electric dealer or any office of this company can give you the facts. See them today.

The new low rate for cooking and water heating with a low block of one cent per kilowatt hour represents one of the lowest electric rates in America. Electricity gives you the most for every penny's worth you buy.

Carmel Valley Boy a Promising Artist

Royden Martin, promising young Carmel Valley artist, is now established in Holman's where he is doing portrait sketches.

Martin is a graduate of the Monterey Union High School with the class of 1931 and studied art at the high school under Miss Clara Eckhardt. Later he studied in Carmel with George Seideneck for two years. At present he is a member of the life class in Carmel under the direction of Clay Otto.

For two years he exhibited in the annual statewide exhibition, sponsored by the Santa Cruz Art Association showing some of his portrait sketches and several pictures dealing with California landscape. He also exhibited at the state fair in Sacramento last year and several times has shown some of his works at the Denny-Watrous gallery in Carmel.

He is the son of Mr. and Mrs. Roy Martin of Carmel Valley and is a member of the Carmel Art association.

Martin has already earned an enviable reputation for himself and this new venture will most certainly add new laurels to it.

Mrs. B. H. Schulte Entertains

Mr. and Mrs. B. H. Schulte entertained about 40 guests at luncheon Saturday. After luncheon the Monterey County Farm Bureau held its meeting with president Tom Thwaites presiding.

Miss Eddy, state leader of Home Department work spoke on the Investigation of the Cost and Adequacy of Medical care.

Harry Morrell, director of Organization of the California State Farm Bureau Federation touched on the importance of hospitalization and then discussed the Agricultural Adjustment act.

The group then separated for their individual meetings. Mrs. Freeden, County Home Department chairman presided over the women's meetings. The following districts were represented and reported: Prunedale, Gonzales, Carmelo, Aromas, Corral de Tierra, Elkhorn, Mission and Pajaro. Jean Stewart, president of the Carmelo 4-H club reported their activities. There was a discussion of having a Clothing Institute this year instead of a Better Homes tour. No definite decision was made although both will probably be held.

The County Farm Bureau passed a resolution recommending and requesting that R. W. Blackburn accept appointment on the Board of Directors of the Federal Land Bank feeling that he represented agriculture in a satisfactory manner.

Charles Kolb and Mat Mc Gowan were appointed to work with Mrs. M. Hutchings, Mrs. Frank Lafranchi, and Mrs. M. Anderson of the home department of the hospitalization comly enjoyed by all.

The afternoon was thoroughmittee.

George Parmelee of New York is enjoying a ten days' visit with his mother Mrs. S. V. Scarlett.

Mrs. Frank Cuthbertson of Burlingame visited Mr. and Mrs. J. C. Anthony Saturday. Mr. Cuthbertson is the West Coast representative of the Ferry-Morse Seed company.

Miss Mary McAleer of San Francisco was down for the Deans of High Schools in the Central Counties conference at

CHRISTIAN SCIENCE CHURCH

"Substance" will be the subject of the Lesson-Sermon Sunday, March 18, in all Churches of Christ, Scientist, branches of The Mother Church, Scientist, in Boston, Mass.

The Golden Text will be: "Behold, God is my salvation; I will trust, and not be afraid: for the Lord JEHOVAH is my strength and my song; he also is become my salvation." (Isa. 12:2) Other Bible citations will include: "Now faith is the substance of things hoped for, the evidence of things not seen." (Hebr. 11:1)

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "One kind of faith trusts one's welfare to others. Another kind of faith understands divine Love and how to work out one's 'own salvation, with fear and trembling.' 'Lord, I believe; help thou mine unbelief!' expresses the helplessness of a blind faith; whereas the injunction, 'Believe . . . and thou shalt be saved!' demands self-reliant trustworthiness, which includes spiritual understanding and confides all to God." (p. 23)

ONE MAN SOLVES DEPRESSION PROBLEMS

Sewer bonds, taxes, depression and what have you, that keep the rest of us awake nights do not bother Frank Patens, caretaker for the Murphy sand bunkers just south of town. He has built himself a very comfortable home at a cost of a few dollars using for his building materials mostly what nature has provided. The walls and roof of his one room abode are made of reeds from the river, woven into shape then firmly bound to a framework of driftwood with wire. Nearly a foot thick the walls are made water and wind proof by an inside sheathing of tar paper. He has a fireplace with a flat top that is used for heat and cooking and with a yard surrounding the little place made bright with flowers he claims all the comforts of home.

D. Dem. Dimancesco, Roumanian counsel at San Francisco, spent the week-end in Carmel at La Ribera.

J. L. Schroeder made a business trip to San Juan and Hollister Monday.

GLEE CLUB AT CHURCH NEXT SUNDAY EVENING

Don't forget the concert by the Foster Glee club to be given next Sunday night at eight o'clock in and for the Community church, Carmel. This organization of eighteen business men who sing because they enjoy it, will present an entirely new program of part songs and "negro spirituals," and in addition Mr. W. Paul Hampton, tenor, will be heard in several fine solos. The director of the Club, Mr. Fenton P. Foster, is especially pleased at being able to present Mr. Hamppton to his friends and neighbors, and no doubt there will be a packed house to hear this popular organization in their first concert of the year.

No admission will be charged, but a silver offering will be taken for the benefit of the Church.

In a full page advertisement in the Saturday Evening Post of last week, San Francisco names Carmel as one of the attractions of this section of the state, along with Lake Tahoe and a few others.

MISSION GUILD TO HAVE CARD PARTY

After a lapse of several weeks, the Old Mission Guild will give another of their delightful card parties at Serra Crespi hall, Tuesday night, April 3.

Plans had been made for a dance to be given Saturday night, but conflicting dances caused its postponement.

M. G. M. WILL FILM PICTURE ON POINT

Working crews from the M. G. M. lot in Hollywood arrived in Carmel Sunday morning to erect sets for the filming of a picture. They made an effort to secure the land adjoining the ocean on the Hill estate in the Highlands but failing to secure permission, they are now at the south end of Point Lobos.

Twenty-four jewelers of the peninsula met in Carmel Tuesday night and enjoyed a dinner at the Cabin Inn. They discussed the jewelers' code. The next meeting will be held in Castroville.

GOLDEN BOUGH PLAYERS REPEAT PERFORMANCE

If you didn't see "They Knew What They Wanted" given by the Golden Bough Players under direction of Edward Kuster last week-end, you missed something. But you may be thankful you will have another opportunity for Mr. Kuster is announcing an extra performance Saturday night, March 17.

"They Knew What They Wanted," and "Amaco" have been the outstanding plays of the year and both were produced by Kuster, who in the present play takes the part of "Tony," In fact Mr. Kuster IS Tony and you see in his stage portrayal not Edward Kuster but Tony Patucci, loveable bootlegger.

Evert Sholund played a very difficult part in the portrayal of an I. W. W. and a floater, yet withal liked by his audience.

Althea Kendall as Amy was excellent, while Frank McKee won respect in his role of Father McKee.

Ross Kiester, Charles Kilian, Disbrow Johnson, Guy Koepp, William Williams, Shim Kuster,, Minnie Ferrante, Ellen Pearl McGrury and Teresa Duranti, although in minor roles, put themselves into their parts.

It is altogether a good show and one you will enjoy.

ERNEST JIMINEZ GETS THIRTY DAYS SUSPENDED

An all night party at which "a few drinks" were taken resulted in a thirty-day jail sentence, suspended on good behavior for Ernest Jiminez when he along with William Machado was brought before Judge Wood Monday morning, charged with disturbing the peace.

It was brought out at the hearing that the two men returned home about 5 a.m., at which time Jiminez attacked Machado with a meat fork and Machado responded with a left and finally laid Jiminez out. Mrs. Machado called Officer Englund who took Jiminez to jail to prevent further trouble.

OnMachado's testimony that he had brought Jiminez home to protect him an dwas defending himself, Judge Wood dismissed the charge against him.

As Jiminez was leaving the court room he was arrested by an officer from Monterey on an assault and battery charge.

CARMEL RESIDENT DIES OF HEART ATTACK

The San Francisco News of March 8th contained the following notice:

"Sacramento, Mar. 8: Richard D. Wykoff, 60, widely known New York stock broker and publisher, died here late Wednesday following a heart attack. Accompanied by his wife, Mr. Wyckoff had come here from Carmel to visit friends. He collapsed shortly after arrival and died within a few minutes."

Mr. Wyckoff and wife occupied the Illanes residence on Carmelo street while hre, which they contemplated purchasing. They planned to make their home here.

Miss Clara Kellogg is visiting in San Francisco.

"ITALIAN" PLAYERS GUESTS AT DINNER

Edward Kuster and several of the members of his cast "They Knew What They Wanted," enjoyed an Italian dinner at the Lucca last Wednesday evening to get into the spirit of the play, written about the home life of Tony Patucci. Those present were: Edward Kuster, Marjorie Collis, Ross Kiester, Althea Kendall, Evert Sholund, Charles Kilian, Teresa Durantl, Guy Koepp and Disbrow Johnson.

On Saturday night after the performance enchiladas were served in the Green Room to the cast.

WOMEN'S LEAGUE HAS ENJOYABLE MEETING

Results of a recent survey of Monterey, San Benito and Santa Cruz counties were given by Mrs. George Schuyler before the luncheon meeting of the Peninsula League of Women Voters, Wednesday at the Hotel San Carlos. All teachers, superintendents and principals of these counties, as well as the school trustees of Monterey county, were presented a questionnaire as to their opinions on the Tenure Law. This survey was conducted by the study section on Education of which Mrs. Schuyler is chairman.

Mr. A. B. Ingham, principal of the Pacific Grove High School clearly stated the Tenure Law as it now reads and told some of its results, both for and against. Neither the local nor the state League has taken any stand in regard to teachers' tenure but the discussion of the subject is considered important for probably within the year citizens will be called upon to decide the question by ballot.

Next on the program the county superintndent of schools, James G. Force, explained the financial status of schools which had applied for exemption from the 5 per cent limitation of the Riley-Stewart amendment. In his estimation, a yearly increase of 10 per cent in expenditures should have been allowed.

The program of the next luncheon meeting of the League has been arranged by the Social Hygiene section. Dr. Paul Popinoe, executive secretary of the Human Betterment League of Pasadna, will be the featured speaker.

All interested women are invited to join the League and to attend the meetings whether members ro not. Those intr ested in joining should call Mrs. Joseph Schoeninger, the president, for details.

Next Wednesday, March 21, the Efficiency in Government study section will meet at the home of its chairman, Mrs. Charles Cabaniss, at 2 o'clock.

CITIZENSHIP CLASS

The commission of credentials under the authority of the State Board of Equalization has granted to Mrs. Willis G. White a special credential for teaching Citizenship to adults.

Mrs. White has been appointed to conduct a class for the Monterey High school. The class meets in Room 6, Sunset School building, Tuesday and Thursday, 8 p. m. If interested call 672J.

FIRST LOAD OF CARROTS LEAVES MARBLE RANCH

The first large shipment of carrotts to leave Carmel Valley was shipped recently from the Eugene Marble ranch when he sent two carloads through the Merrill Packing company of Salinas for the eastern markets. Mr. Marble reports that carrots do very well in the valley, particularly the Danvers Short Long variety he has been trying out. He has another crop coming on that will be ready for shipment the latter part of April, or the first of May. Four to five hundred crates of the vegetables are grown to an acre or a little more than one carload which is a lot of carrots if one person had t oeat them all.

ATTENTION CARMEL

When the Federal authorities instituted work programs for the unemployed the Carmel Employment commission turned over to the Red Cross a fund of approximately $90 to which amount several smaller donations have been added.

In co-operation with the Red Cross a special committee was appointed to administer this fund employing elderly men and others not eligible under the government programs. A total of 195 hours of work has been given to these men but now the money is practically exhausted.

Will you help us to continue this work?

This is an appeal to the citizens of Carmel for large or small donations.

All contributions should be sent or brought to the Red Cross headquarters Dolores and Seventh streets, marked "Employment fund."
